

# Tool-less Blanking Panels

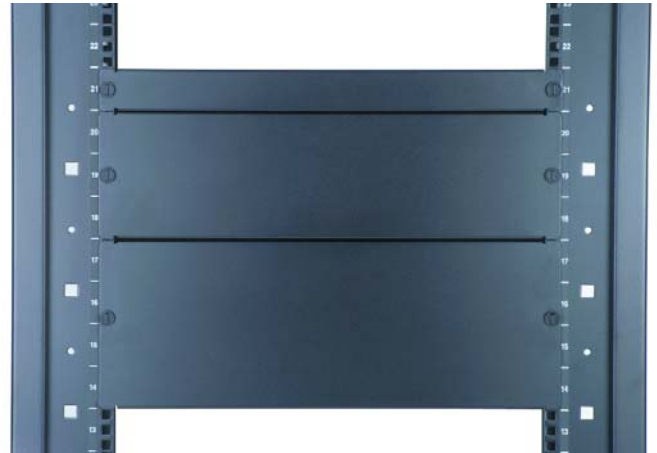

## Quick-release Blanking Panels

### Models: PSFT-X-X & PSFT24-X-X

#### Snap it in. Turn it loose!

Electrorack's tool-less Blanking Panels are an ideal solution for rapid deployment of a critical, but often overlooked, element of proper thermal management within a data center or other computing environment. All unused rack units at the front of a rack should be filled with blanking panels to prevent unwanted hot exhaust air from recirculating to the front air intake of the equipment. Failure to utilize blanking panels can lead to increased equipment operating temperatures which eventually leads to premature equipment failure.

Given the number of blanking panels typically required it is desirable to install and remove these quickly without screws, cage nuts or tools. Electrorack's tool-less Blanking Panels feature quick-release fasteners and are offered in 1U to 8U sizes to rapidly fill the open rack units on 0.375 square hole EIA vertical mounting angles (VMAs). A wide variety of standard colors are available to match your rack or environment.

1U, 3U and 4U Tool-less Blanking Panels installed in a rack with 0.375" Mounting Angles

#### Features & Specifications

- Snap-in design for quick installation
- Quick release 1/4-turn panel fasteners speed removal
- Compatible with 0.375 Square Hole EIA Vertical Mounting Angles
- 19" or 24" EIA widths available
- 1U to 8U sizes speed deployment - only 5 panels required on open 40U rack
- Rounded design eliminates sharp corners
- Multiple colors available for aesthetically pleasing appearance
- Formed 16 GA. (0.060") cold-rolled steel for strength & durability

#### Ordering Information

##### 19" EIA Tool-less Blanking Panels

Part Number	Description
PSFT-1-#	1U x 19" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT-2-#	2U x 19" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT-3-#	3U x 19" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT-4-#	4U x 19" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT-8-#	8U x 19" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs

##### 24" EIA Tool-less Blanking Panels

Part Number	Description
PSFT24-1-#	1U x 24" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT24-2-#	2U x 24" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT24-3-#	3U x 24" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT24-4-#	4U x 24" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs
PSFT24-8-#	8U x 24" Tool-less Blanking Panel, Steel, for 0.375 Sq. Hole VMAs

# Specify Color: "2" = Black; "3" Charcoal; "4" Slate; "5" Flint Grey; "6" Royal Blue; "9" Platinum.
